STAT

Dear Kevin:

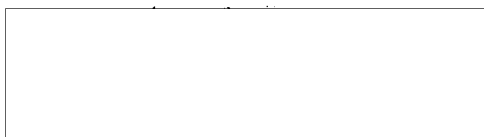

I wish to extend my appreciation and that of the entire USSR Division and the Science and Technology Center for your very useful and much appreciated contribution during your summer assignment with FBIS.

The cooperative attitude, initiative and dedication which you have shown in the performance of your duties are highly commendable. I hope that these months have been interesting and educational and that you will give future consideration to the career opportunities available in the Agency.

It has been a pleasure having you as a member of our summer only program, Kevin. On behalf of FBIS, I wish you success in your junior year at NOVA and a happy and healthy future.

Sincerely,

STAT

Deputy Director
